Election/Restrictions

Claims 1, 5, 7, 8 and 12 are allowable. Claims 2, 4, 6, 9-11 and 13, previously withdrawn from consideration as a result of a restriction requirement, require all the limitations of an allowable claim. Pursuant to the procedures set forth in MPEP § 821.04(a), **the restriction requirement between inventions of Species A-E, as set forth in the Office action mailed on February 25, 2008, is hereby withdrawn** and claims 2, 4, 6, 9-11 and 13 are hereby rejoined and fully examined for patentability under 37 CFR 1.104. In view of the withdrawal of the restriction requirement, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Ex parte Quayle

This application is in condition for allowance except for the following formal matters:

Claims 4, 10 and 13 are objected to because of the following informalities:

Claims 4 and 13, line 2, the “second MOS transistors” appears to be the same as the “two MOS transistors” in the fourth paragraph of claim 1.

Art Unit: 2815

Claim 4, line 4, “a source connected to one of the first floating diffusion layer” appears to be the same as “an n-type floating diffusion layer serving as a source region” in fourth paragraph of claim 1.

Claim 10, recites the limitation “the first floating diffusion layer” in line 3. There is now insufficient antecedent basis for this limitation in the claim.

Claim 13, line 5, “a second floating diffusion layer serving as a source” appears to be the same as “an n-type floating diffusion layer serving as a source region” in fourth paragraph of claim 1.

Appropriate correction is required.

Applicant is requested to correct any other formal matters they become aware of in the case.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm’r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
